Iranian Electronic University, Tehran, Iran
Professor in Financial Management and Finance
Former Chancellor, Asrar Higher Education Institute, Mashhad, Iran
Ex-Vice Chancellor, Islamic Azad University of Iran- Quchan Branch

With over 37 years of academic, teaching, and research experience in the fields of Financial Management, Accounting, and Costing, I have had the honor of teaching, mentoring, and guiding numerous students at undergraduate and postgraduate levels. My academic journey has also included research supervision, curriculum development, and active engagement in scholarly discussions and knowledge dissemination.

I would like to humbly express my keen interest and readiness to contribute in the following areas:

- * Delivering online/offline lectures and academic courses
- * Conducting webinars and interactive workshops
- * Participating in national and international conferences
- * Engaging in joint research projects and academic publications
- * Mentoring students in dissertations, thesis and research work

Beyond formal collaboration, I bring with me a deep passion for teaching, a flexible and student-centered approach, and a genuine commitment to knowledge sharing without financial constraints, driven purely by academic devotion and mutual growth.

I sincerely believe that meaningful academic collaboration transcends geographical boundaries and creates a bridge between hearts, minds, and cultures — something I have always cherished in my lifelong connection with India.
